5) To discuss the upcoming events

CME on Fetal Medicine and Critical Care in Obstetrics.

Dr. Anurag Bhate shared an update regarding the CME on Fetal Medicine scheduled for 7th June 2026. The workshop is being organized under the convenorship of Dr. Raju Sahetya and co-convenorship of Dr. Rupali Dharwadkar, with Dr. Sargam Soni and Dr. Riddhi as the Masters of Ceremony (MOC).

The CME is planned as a hands-on fetal medicine workshop focusing on ultrasound and invasive prenatal diagnostic techniques. The scientific program will include lectures, expert panel discussions, and practical hands-on training sessions using mannequins and ultrasound machines. Participants will receive training in chorionic villus sampling (CVS) and amniocentesis techniques.

The academic session by Dr. Vandana Bansal, Dr. Purnima Satoskar, and Dr. Raju Sahetya. Dr. Raju Sahetya will also speak on the topic "Ultrasound Principles Involved in Invasive Prenatal Diagnostic Techniques," while Dr. Purnima Satoskar and Dr. Vandana Bansal will discuss the difficulties, risks, and complications encountered during CVS and amniocentesis procedures. In addition, Dr. Anurag Bhate will deliver a talk on "When and Why Invasive Prenatal Diagnostic Techniques are Required."

An expert panel discussion on "Who Deserves Invasive Prenatal Diagnosis" will be conducted by Dr. Manohar Motwani and Dr. Raju Sahetya, with expert panelists

DR. RAJKUMAR SHAH

including Dr. Purnima Satoskar, Dr. Vandana Bansal, Dr. Karthik Bhagat, Dr. Pooja Bajirani, Dr. Bela Bhatt, and Dr. Jayanti.

Following the scientific sessions and coffee break, hands-on training will be conducted on mannequins under the guidance of trainers Dr. Bela Bhatt, Dr. Vandana Bansal, and Dr. Purnima Satoskar, along with senior experts from the fetal medicine team. Participants will also have an opportunity to interact directly with experts and clarify their doubts.

The committee discussed the workshop registration charges in view of the high cost of mannequins and training equipment. It was finalized that the registration fee will be:

Rs. 2,500 for members who have not taken annual registration

Rs. 4,000 for non-members

Free for annual registered members

It was also discussed that the workshop will require a PCPNDT Certificate, and the necessary process for obtaining the certification has already been initiated.

Additionally, Dr. Anurag Bhate mentioned that the next planned CME was on Critical Care in Obstetrics. However, due to date and venue availability issues, the program could not be scheduled in July. Although 5th July was initially considered convenient, with Dr. Bhate's team, Dr. Abdul's team, and Dr. Kalpesh's team all being available, a suitable venue could not be finalized.

Alternative venues were explored, but it was felt that changing the venue would involve significant logistical challenges. Therefore, the team is now planning to organize the program in August, and two tentative dates — 2nd August or 9th August 2026 — have been proposed.

Nurses Training Program to be held on 31st May 2026

Dr. Anurag Bhate shared an update regarding the Nurses Training Program scheduled for 31st May 2026 at Riddhivinayak Hospital, Nalasopara. The program is being organized by Dr. S. N. Agrawal, with AFG joining in collaboration with AMC.

Dr. Bhate mentioned that the training program is specially designed for nurses and nursing staff rather than consultants. He informed the committee that he will be delivering a talk on sterilization practices. He encouraged members to attend the program, stating that it would be a good academic session of around 1–2 hours duration.

Dr. Ashok Shukla also informed that he will be delivering a brief 10-minute talk on POSH guidelines during the program.

6) Secretary's Report:

Dr. Jayanti Kamat given report on Next. Endometriosis which was held on 9th April.

Endometriosis which was held on 9th April. It was a very good program.

The first speaker was Dr. Mukesh Gupta. He spoke on conservative management of endometriosis. He spoke on conservative management of endometriosis and how to choose patients for the same.

The second speaker was Dr. R.M. Sarogi sir. He spoke about the relatively new molecule that is Elagolics, the indications, titration of ptosis and comparison with older molecules like Dienogest. It is used in infertility management comparing with injectable endogonist.

The third speaker was Dr. Vivek Salunke. He spoke and showed videos of surgical management of bowel endometriosis. The fourth speaker was Dr. Hemant Kanojia. He spoke about urinary tract endometriosis. He spoke about urinary tract endometriosis. Then we had a panel discussion and it was attended by Total was 108. So we had good attendance.

Dr. Vidya Bandukwala presented the report on the RAN Symposium held on 10th May 2026 on the Clirnet online platform. The symposium included two case studies and received an excellent response from the participants.

The program commenced with a 5-minute introduction by Dr. Jignesh Kansaria. This was followed by the first case discussion on ANC care, presented by Dr. Nikita from BDBA and Dr. Meet. At the last moment, Dr. Rakesh Bandia and Dr. Nimesh Tutwala were also invited to join the discussion, and both graciously contributed till the end of the session.

Dr. Saraogi participated in the first case discussion, which went very well. The feedback and reviews received from the attendees were highly positive and encouraging.

Additionally, Dr. Anurag Bhate mentioned that the session was conducted in a more interactive viva-style format, which was well appreciated. It was proposed to involve newer faculty members and postgraduate students from institutes such as Sion, JJ, Bandra Bhabha, V. N. Desai, and Nanavati in future RAN sessions to expand AFG's academic reach.

The committee also discussed forming a dedicated "RAN PG Educational Group" to connect residents and students from various medical colleges, encourage active participation, and improve coordination for future academic activities.

Two Journal Club Meets

Dr. Anurag Bhate presented the report on the Journal Club activities. Two Journal Club meetings were conducted during the period.

The first meeting was held on 22nd April 2026 at Dahisar and was conducted by Dr. Kiran Shinde. The topic discussed was "Iodine Deficiency in Pregnancy," and around 20 members attended the session, which was well appreciated.

The second meeting was held on 2nd May 2026 at Four Bungalows, Andheri. The topic was "Medical Management of Fibroids and Endometriosis," and the session was attended by around 15 participants.

Dr. Anurag Bhatte also mentioned that if any company approaches for a local RTM program, members may involve 10–15 participants and conduct it under the banner of a General Club Meet to strengthen academic activities and participation.

7) Treasurer's Report by Dr. Komal Chavan

Dr. Komal Chavan presented Treasurer report

Reporting Period: 1st April 2026 to 11th May 2026

Dr. Komal Chavan presented the Treasurer's Report for the period from 1st April to 11th May 2026, based on the HDFC Bank account statement. The Association maintained a strong financial position during this period. The opening balance on 1st April 2026 was Rs.6,78,122, with total receipts of Rs.16,15,051 and total payments of Rs.4,48,495, resulting in a closing balance of Rs.18,44,678 as on 11th May 2026.

Major receipts were received through registrations, annual memberships, CME conference registrations, and educational grants. Contributions were received from several organizations including Universal Nuclear Science, Koya Pharmaceuticals, Abbott, Karl Storz, Emcure, Alistair Medicare, and Nopex. It was noted that Nopex supported the Association by sponsoring more than 25 annual registrations instead of providing direct funding. Additional income included cheque deposits, cash deposits, and sponsorship support from various organizations.

Expenditures during the period were mainly towards CME programs, events, trophies, hospitality, administrative expenses, and utility charges. Overall, the report reflected a healthy and stable financial inflow for the Association.

Dr. Anurag Bhatte further informed the committee that additional sponsorships are expected from Prolicious, Dr. Reddy's, Lab and other pharmaceutical companies. Discussions are also ongoing with organizations such as Torrent, Sun Pharma, and Emcure for future sponsorship and annual registration support.

8) To discuss the renewal of 12A Registration

Dr. Anurag Bhatte informed the house that the Association has been filing income tax returns with the Charity Commissioner under the 12A registration. However, the registration number currently being used appears to be incorrect, and the Association does not possess the original 12A registration certificate or registration number records.

He further informed that for the past three years, the filings were accepted despite the discrepancy. However, the grace period has now elapsed, and the issue requires urgent resolution. Dr. Bhatte discussed the matter with the Association's Chartered Accountant, Mr. Mahendra Bhai, who advised that if any previous office bearer

possessed the registration certificate or number, the matter could be resolved smoothly.

Dr. Bhatte stated that he contacted several past office bearers, including Dr. Sarogi, but none were able to locate the required documents. Subsequently, efforts were initiated to approach the concerned department to retrieve the old registration number.

He informed the house that if the original registration number is successfully retrieved, the Association would be able to regularize its filings and also claim pending TDS refunds amounting to approximately Rs.5–7 lakhs accumulated over previous years. However, failure to obtain the registration details may result in a substantial tax liability for the last three years.

The matter was discussed as urgent and necessary action was authorized to resolve the issue at the earliest.

The meeting concluded with a vote of thanks delivered by Dr. Jayanti Kamat.
