## ADNEXAL MASS

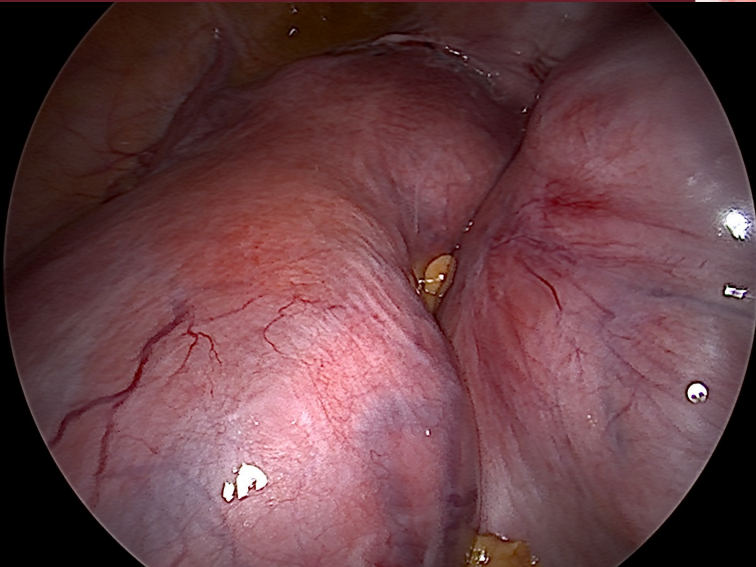

Dear Friends,

**We hope you are getting all our communications on your phones.** If you are not getting, it's because your information is incorrect with us. Just drop us an email on *[info@afg.org.in](mailto:info@afg.org.in)* with your updated information.

When we see an adnexal mass we hope its not cancer. How do we evaluate it? Are we missing something? Do we use all investigative modalities at our disposal? Are we surprised to notice something during surgery? Can we plan it better? Get answers to all and many more during our next panel discussion on **“Adnexal Mass”**
